

BSQUARE PRODUCTIONS WEDDING PRICE LIST

DISCLAIMER: At BSquare Productions - Our capability is exceptional and our prices are fair... and yet, as the owner, I have tried my best to avoid publishing a pricelist. However, due to the ever increasing demand for one, I have no choice but to relent. I prefer to work with potential clients to clearly identify their requirement and advise them of their options before sending an estimate... and I still believe it is in your best interest to do so, but I also understand the difficulty you face in making an incredibly important decision – and this is most often the best place to start.

- **Discounts**

- I AM WILLING TO WORK WITH YOU!!! Be certain to ask about available discounts (Military, booking incentives, etc.)

- **What is a Control Station?**

- A Control Station allows me to control/mix music vs a playlist which can run unattended
- A Full Control Station includes Computer, DJ Controller, a Mixer, Monitor, and Mics
- Weddings Ceremonies that are in a separate location from the Reception require an additional control station – especially if the ceremony requires a mic

- **Deposits:**

- Deposit (50% of the total fee for service) is due immediately upon signing the contract
- The Remaining balance is due 30 days prior to your event
- NOTE: If your discount lowers your amount due to \$800 or less, your deposit will be equal to your payment in full.

• Pricing and Set-Up Variables

- The factors that most impact pricing are: Time on Site, Size of Venue, Number of Guests, Number of Set-Ups required and complexity, and Number of Special Add-Ons (i.e. Dance on a Cloud Effect, Dual 55in 4k Monitors, Slide Show Production, Custom Mixes, Karaoke, etc.)

• How much time is included in the rate?

- My packages include 4 – 6 hours of uptime; "Uptime" is measured between the start time for set-up/music (30 minutes prior to guest arrival) and the final song of the evening
- I typically will not charge for additional time required for the ceremony, but extending the reception can incur a fee based on the other factors that most impact pricing (referenced above)

• Outdoor/Tent Weddings:

- You **must** have an inclement weather plan or you may risk not having music. Your guests may be able to endure the rain, but my equipment can't

Frequently Asked Questions (3)

- **What am I paying for?**

- There are very few moments in life that you will never forget... This is one of them
- Don't leave room for regret. Hire a professional, but recognize that professionalism comes at a price
- They say 10% percent of your wedding budget should be dedicated to your DJ; Why?
 - The DJ is your Celebration
 - The DJ is the one who brings your family and friends together on the Dancefloor with music
 - Your DJ is your MC and Host for your reception; they set the tone for the night
 - Your DJ is your Celebration, and your celebration is what you will remember and your guests will talk about long after the last song is played
- I have never met a bride/groom who had a bad DJ and a good reception... Have you?

- **What makes Us different?**

- My Equipment is "State-of -the-Art"
 - Each Speaker (QSC) is rated at 1000 watts
 - No Package has equipment worth less than \$20,000
 - I consistently research/purchase new capability to maintain the tech advantage
- My Library
 - I own over 70K hits from all genres, but I "never say no to a request" ... if it's available on iTunes and you request it, you will have it!
 - If it is not on iTunes, I will convert it from YouTube... but I purchase first... to ensure quality-first
- My Skills
 - I am an awesome DJ; and a DJ for all ages
 - I have clean versions of my tracks (old and new)
 - I play your requests and create incredible mixes your guests will want to dance to
 - I know how to connect with your guests and read the crowd - it is what I do best
 - I am flexible and will go out of my way to give you the celebration you've been dreaming of
